

Group Lead Volunteer's Report 35th Norwich Sea Scout Group AGM 2026

The past year has seen many advances made by all sections of the Group and with the formation of the new Squirrels section it shows how much the Group has progressed.

There are 4 New Leaders - Squirrels
2 New Leaders - Beavers
1 New Leader - Cubs
1 New Leader - Scouts
New Explorer Section started

With many new leaders joining all sections and I am pleased to welcome them into the Group and thank them for all their hard work in supporting Scouting here at the 35th.

One of our existing leaders, Debby was also presented with the Chief Scout Commendation for good service this year.

There have been many highlights over the past year with all sections having nights away, camps, hikes, visits and many exciting adventures and the Sections will detail more.

I wish to thank the Group Trustees for overseeing the development of the Group with their hard work behind the scenes.

Under the direction of our chair, Deane, the Trustees continue to support the Group and I thank them for maintaining the HQ, grounds and providing the necessary funding for us to continue growing the Group. We are always pleased to welcome any new members onto the Trustees Board of the Group and anyone who can spare some time to help to keep the Group flourishing.

With the retirement of both our Chairman and later our Treasurer we will have replacements ready to take on these roles. I thank Deane and Roger for their years of service to the Group which continued well after their children had gone through the sections - my sincere thanks to you both.

I too am retiring from my role as the Group Lead Volunteer after many years and pass the role onto Matthew who I have every confidence in to continue the evolution of this Group.

Thanks to all for your continued support of the 35th Norwich Sea Scout Group.

Brian Tucker
Group Lead Volunteer
